

Ezekiel's vision of the Temple: Part 2

Ezekiel 41

Description	Image	My notes
-------------	-------	----------

1 The 'man' in Ezekiel's vision took him into the large main room 'the Holy Place' of the Temple, and measured the pillars that formed its doorway. The width was 6 cubits.

2 The width of the entrance was measured at 10 cubits.

3 And the sides were 5 cubits wide.

4 The Holy Place was 40 cubits long and 20 cubits wide.

Ezekiel 41:2c

5 Then the 'man' went into the last room. He measured the walls on either side of the doorway. Each side wall was 2 cubits thick and 7 cubits wide. The doorway was 6 cubits wide.

Ezekiel 41:3

6 Then he measured the length of the room. It was 20 cubits long and 20 cubits wide. He told Ezekiel, 'This is the Most Holy Place.'

Ezekiel 41:4

7 The 'man' then measured the wall of the temple.

Ezekiel 41:5

8 It was six cubits thick, and each side room around the temple was four cubits wide.

Ezekiel 41:6a

9 The side rooms were on three levels, one above another, thirty on each level.

Ezekiel 41:6

10 The side rooms rested on these ledges but were not connected to the Temple wall itself. Each floor of the side rooms around the Temple was wider than the floor below. The walls of the rooms around the Temple became narrower the higher they went. A stairway went up from the lowest floor to the highest floor through the middle floor.

Ezekiel 41:7

11 Ezekiel saw that the Temple had a raised base as the foundation for the side rooms, and it was a 6 cubits high and 5 cubits thick.

Ezekiel 41:8-9a

12 There was an open area between the side rooms of the Temple and the priests' rooms. It was 20 cubits wide and went all the way around the Temple.

Ezekiel 41:10

13 There were entrances to the side rooms from the open area, one on the north and another on the south.

Ezekiel 41:11a

14 The base adjoining the open area was five cubits wide all around.

Exekiel 41:11b

15 The building facing the temple courtyard on the west side was seventy cubits wide. The wall of the building was five cubits thick all around, and its length was ninety cubits

Exekiel 41:12

16 Then the 'man' measured the Temple. It was 100 cubits long. The restricted area, including the building and its walls, was also 100 cubits long. The restricted area on the east side was also 100 cubits long. The building in the restricted area at the rear of the Temple was 100 cubits from one wall to the other wall.

Exekiel 41:13-15

17 The thresholds and the narrow windows and galleries around, including the threshold, was covered with wood.

Exekiel 41:16

18 On the walls at regular intervals all around the inner and outer sanctuary were carved cherubim and palm trees. Palm trees alternated with cherubim.

Exekiel 41:17-18

19 Each cherub had two faces - the face of a human being toward the palm tree on one side and the face of a lion toward the palm tree on the other.

Ezekiel 41:19-20

20 There was a wooden altar three cubits high and two cubits square. Its corners, base and sides were of wood. The man told Ezekiel, 'This is the table that is before the Lord.'

Ezekiel 41:21-23

21 Both the Holy Place and the Most Holy Place had double doors. Each door had two hinged leaves.

Ezekiel 41:23-26
